REMARKS

The amendments to the specification clarify the translated text and correct errors in the original Japanese specification, all of which are apparent when read in the context of the entire specification. The amendments also correct the title, add a cross-reference to related applications, and insert into the specification a paper copy of the sequence listing in which the general information has been updated to reflect accurate information for the instant application.

Claims 1-12 are pending. Claims 8 and 12 are amended to remove multiple dependencies. No new matter has been introduced by these amendments.

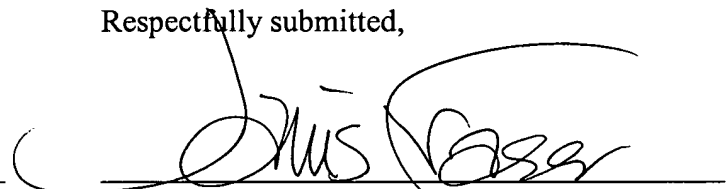

Applicants ask that all claims be examined in view of the amendment to the claims.

Please apply any charges to deposit account 06-1050, referencing Attorney Docket No. 14875-146US1.

Respectfully submitted,
